Ahmed Kholief

Front-End Developer

Alexandria, Egypt # ahmedkholief143@gmail.com „ +20 127 198 9421 ð LinkedIn § GitHub ï Portfolio

Summary

A passionate Front-End Developer specialized in React and Next.js, focused on building modern, responsive web applications. Proficient in JavaScript (ES6+), TypeScript, and styling with TailwindCSS for clean and scalable UI design. Experienced in integrating REST APIs to deliver dynamic and data-driven user experiences. Motivated to contribute to innovative projects while continuously enhancing my front-end expertise.

Experience

Frontend Developer (React)

Company : Mantaray Digital Solutions | Cairo **(Sep 2025 – Present)**

- Developed and maintained responsive web and mobile applications using **React.js/Next.js**
- Designed and integrated **RESTful APIs** to deliver dynamic and interactive user experiences
- Collaborated with backend developers and designers to deliver full end-to-end software solutions.
- Converted UI/UX designs from **Figma** into clean, reusable components with high accuracy.
- Optimized performance and fixed UI bugs to improve user experience across different screen sizes.
- Applied best practices in **clean code, performance optimization, and state management** (Redux/Context API)

Front-End Developer and Cross platform (React & React Native) | **ITI** (Information Technology Institute) **(Jul 2025 – Dec 2025)**

- Developed and maintained responsive web and mobile applications using **React.js** and **React Native**
- Designed and integrated **RESTful APIs** to deliver dynamic and interactive user experiences
- Built modern, reusable, and scalable UI components with **TailwindCSS**
- Learned Dart programming language as part of Flutter cross-platform mobile development track.
- Applied best practices in **clean code, performance optimization, and state management** (Redux/Context API)

Front-End Developer | Route Academy **(Feb 2025 – Aug 2025)**

- Built interactive single-page applications (SPAs) using **React.js** with modern hooks and lifecycle methods
- Enhanced user experience by implementing **client-side routing** with **Next.js** and React Router
- Developed server-side rendered (SSR) and static web applications using **Next.js** for better performance and SEO
- Integrated external APIs and applied **error handling & data fetching** techniques with Axios and Fetch API

Education

Bachelor of Civil Engineering Oct 2020 – Jun 2025

- Alexandria University, Faculty of Engineering
- GPA: Good (Very Good equivalent)
- Graduation Project: Civil Survey – Grade: A+

Core Technical Skills

FrontEnd Development

- JavaScript (ES6+), TypeScript, React.js, Next.js, React Native, Redux, Context API, React Router, RESTful APIs (Axios & Fetch)
- **TailwindCSS, Bootstrap, Responsive Design, HTML5, CSS3**

- Patterns & Best Practices

- Component-Based Architecture, Reusable Components, State Management (Redux, Context API), Clean Code,
  - Performance Optimization, Responsive Design

API Development & Testing

- Restful APIs, Web API, JWT Authentication, Postman, Swagger/Open API **Additional Technologies**
- Git, GitHub, Visual Studio, Visual Studio Code.

Projects

- **Signature Stays** Demo

Technologies: (Next.js, React, Tailwind CSS, App Router, Turbopack, next/image, Lucide, SSR, Responsive Design) GitHub

Luxury apartment rental platform in New Cairo featuring property listings, guest reviews booking search, and a partner management program. Fully responsive with a modern, elegant design.

- **Studiio** Demo

Technologies (Full Stack)**:** (Next.js, React, Convex, Tailwind CSS, PostHog, next-intl, Inter, Lucide, Sonner) GitHub

Comprehensive studio management SaaS for gyms and fitness centers. Manages class templates, schedules, customers, payments, staff, and multi-branch operations with bilingual English/Arabic support.

- **Toko Store** Demo

Technologies: (Next.js, React, Tailwind CSS, Turbopack, Lucide, next/image, Bungee Font, Inter, App Router, SSR) GitHub

E-commerce platform for collectible 3D-printed characters and mystery boxes. Features product browsing, FAQ section, Instagram feed integration, and a vibrant brand experience.

- **Toko Dashboard** **Demo**

Technologies: (Next.js, React, React Query, Tailwind CSS, Turbopack, Lucide, Custom Auth, SSR) GitHub

Admin management dashboard for the Toko collectibles platform. Handles products, orders inventory tracking, and business analytics.

- **Studiofy** **Demo**

Technologies: (Next.js, React, Tailwind CSS, Google OAuth, Railway, Lucide, Inter, JetBrains Mono, next/image, App Router)

AI-powered product photography SaaS that transforms product images with professional studio backgrounds in under 60 seconds. Features Google OAuth and credit-based usage.

MediFlow Dashboard **Demo**

Technologies: (Next.js, React, next-intl, Tailwind CSS, Lucide, IBM Plex Sans Arabic, Inter, RTL Support)

Patient portal for viewing appointments, medical history, and managing bookings. Features bilingual interface with English and Arabic support. **GitHub**

- **MediFlow Admin**

Technologies: (Next.js, React, next-intl, Tailwind CSS, Lucide, IBM Plex Sans Arabic, Inter, RTL Support) **Demo**

Comprehensive admin dashboard for clinic management — appointments, patients, doctors, and analytics with full RTL Arabic support. **GitHub**

- **MediFlow Booking** **Demo**

Technologies: (Next.js, React, next-intl, Tailwind CSS, Lucide, IBM Plex Sans Arabic, Inter, RTL Support)

Patient-facing booking interface for the MediFlow clinic management system. Supports bilingual English/Arabic with seamless appointment scheduling. **GitHub**

- **E-Commerce Platform (React.js)** **Demo**

Technologies: React.js, Context API, React Router, Axios & Yup (for forms/validation), **GitHub**

react-toastify (for notifications), react-loader-spinner (for loading indicators), Responsive CSS framework (e.g. TailwindCSS)
